Information of subsidiaries, associates of the Corporation is provided in Note No V.2

II. Accounting period and Accounting currency

1. Annual accounting period commences from 1st January and ends as at 31st December.
2. Accounting currency : Vietnam Dong ("VND").

III. Accounting standards and System

The Corporation applies Corporate Accounting System issued under the Circular No. 99/2025/TT-BTC dated 27 October 2025 by the Ministry of Finance.

IV. Accounting policies

Foreign currency transactions

Foreign currency transactions during the period are translated into Vietnam Dong using the actual rate at transaction date.

Balances of monetary items denominated in foreign currencies at the balance sheet date are translated at the exchange rates prevailing at that date.

All exchange differences arising as a result of transactions or revaluation of monetary items denominated in foreign currencies at the balance sheet date shall be recorded into the financial income or expense in the fiscal year.

Cash and cash equivalents

Cash includes cash on hand, demand deposits.

Cash equivalents are short-term investments with the maturity of not over than 3 months from the date of investment, that are highly liquid and readily convertible into known amount of cash and that are subject to an insignificant risk of conversion into cash.

Financial investments

Investments held to maturity comprise term deposits, lendings held to maturity to earn profits periodically.

Investments in subsidiaries, associates are initially recognized at original cost. After initial recognition, value of these investments is measured at original cost less provision for devaluation of investments.

Investments in other entities comprise investments in equity instruments of other entities without having control, joint control, or significant influence on the investee.

These investments are initially stated at original cost. After initial recognition, these investments are measured at original cost less provision for devaluation of investments.

Provision for devaluation of investments is made at the end of the year as follows:

Investments in subsidiaries, associates: provision for loss investments shall be made based on the Financial Statements of subsidiaries, associates at the provision date.

Long-term investments (other than trading securities) without significant influence on the investee: If the investment in listed shares or the fair value of the investment is determined reliably, provisions shall be made on the basis of the market value of the shares; if the fair value of the investment is not determined at the reporting date, provision shall be made based on the Financial Statements at the provision date of the investee.

Investments held to maturity: provision for doubtful debts shall be made based on the recovery capacity in accordance with statutory regulations.

Receivables

The receivables shall be recorded in details in terms of due date, entities receivable, types of currency and other factors according to requirements for management of the Corporation. The receivables shall be classified into short- term receivables or long-term receivables on the Separate Financial statements according to their remaining terms at the reporting date.

The provision for doubtful debts is made for receivables that are overdue under an economic contract, a loan agreement, a contractual commitment or a promissory note and for receivables that are not due but difficult to be recovered. Accordingly, the provisions for overdue debts shall be based on the due date stipulated in the initial sale contract, exclusive of the debt rescheduling between contracting parties and the case where the debts are not due but the debtor is in bankruptcy, in dissolution, or missing and making fleeing.

Inventories

Inventories are initially recognized at original cost including purchase price, processing cost and other costs incurred in bringing the inventories to their location and condition at the time of initial recognition. After initial recognition, at the reporting date, inventories are stated at the lower of cost and net realizable value.

Net realizable value is estimated based on the selling price of the inventory minus the estimated costs for completing the products and the estimated costs needed for their consumption.

The cost of inventory is calculated by weighted average method. Inventory is recorded by perpetual method.

Method for valuation of work in process at the end of the year: The value of work in progress is recorded based on actual cost incurred for each unfinished product.

Provision for devaluation of inventories made at the end of the year is based on the excess of original cost of inventory over their net realizable value.

Fixed assets

Fixed assets (tangible and intangible) are initially stated at the historical cost. During the using time, fixed assets (tangible and intangible) are recorded at cost, accumulated depreciation and carrying amount.

Subsequent measurement after initial recognition

If these costs aument future economic benefits obtained from the use of tangible fixed assets are extended to their initial standards conditions, these costs are capitalized as an incremental in their historical cost.

Other costs incurred after tangible fixed assets have been put into operation such as repair, maintenance and overhaul costs are recognized in the Separate Statement of Income in the year in which the costs are incurred.
Fixed assets are depreciated (amortised) using the straight-line method over their estimated useful life as follows:

- Buildings, structures	05 - 25 Years
- Machinery, equipment	2,5 Years
- Vehicles, Transportation equipment	06 Years
- Office equipment	1,5 - 03 Years
- Managerment software	1,5 Years

Prepaid expenses

The expenses incurred but related to operating results of several accounting periods are recorded as prepaid expenses and are allocated to the operating results in the following accounting periods.

Payables

The payables shall be recorded in details in terms of due date, entities payable, types of currency and other factors according to the requirements for management of the Corporation. The payables shall be classified into short-term payables or long-term payables on the Separate Financial statements according to their remaining terms at the reporting date.

Borrowings

Borrowings shall be recorded in details in terms of lending entities, loan agreement and terms of borrowings. In case of borrowings denominated in foreign currency, they shall be recorded in details in terms of types of currency.

Borrowing costs

Borrowing costs are recognized as operating expenses in the year, in which it is incurred excepting those which are directly attributable to the construction or production of a qualifying asset are capitalized as part of the cost of that asset in accordance with VAS No. 16 "Borrowing costs". Besides, regarding borrowings serving the construction of fixed assets and investment properties, the interests shall be capitalized even when the construction duration is under 12 months.

Accrued expenses

Accrued expenses include payables to goods or services received from the suppliers or provided for the customers during the reporting period, but the payments for such goods or services have not been made and other payables which are recorded as operating expenses of the reporting year.
The recording of accrued expenses as operating expenses during the year shall be carried out under the matching principle between revenues and expenses during the year.

Provision for payables

Provision for payables is only recognized when meeting all of the following conditions:

- The Corporation has a present debt obligation (legal obligation or joint obligation) as a result of past events;
- It is probable that the decrease in economic benefits may lead to the requirement for debt settlement;
- Debt obligation can be estimated reliably.

Value recorded as a provision for payables is the most reasonably estimated amount required to settle the current debt obligation at the end of the accounting year.

According to the Vietnamese Labor Code, when an employee who has worked for the Corporation for 12 months or more ("eligible employee") voluntarily terminates his or her labor contract, the employer must pay Severance pay for that employee is based on the employee's years of service and salary at the time of termination.

Severance allowance provisions are made on the basis of the number of years employees have worked for the Corporation and their average salary within the six months prior to the end of the fiscal year.

Owner's equity

Owner's equity is stated at actually contributed capital of owners.

Share premium shall record the difference between the par value, direct costs related to the issuing shares and issue price of shares (including the case of re-issuing stock fund) and can be a positive premium (if the issue price is higher than par value and direct costs related to the issuance of shares) or negative premium (if the issue price is lower than par value and direct costs related to the issuance of shares).

Retained earnings are used to present the Corporation's operating results (profit, loss) after corporate income tax and profits appropriation or loss handling of the Corporation.

Revenues

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Corporation and the revenue can be reliably measured regardless of when payment is being made. Revenue is measured at the fair value of the consideration received, excluding discounts, rebates, and sales returns. The following specific recognition conditions must also be met when recognizing revenue:

Revenue from sale of goods

The majority of risks and benefits associated with the right to own the products or goods have been transferred to the buyer;

The Corporation no longer holds the right to manage the goods as the goods owner, or the right to control the goods;

Revenue from rendering of services

The percentage of completion of the transaction at the Balance sheet date can be measured reliably;

Financial income

Financial incomes include income from assets yielding interest, dividends and other financial gains by the Corporation shall be recognised when the two conditions are satisfied:

- It is probable that the economic benefits associated with the transaction will flow to the Corporation;
- The amount of the revenue can be measured reliably.

Financial expenses

Items recorded into financial expenses consist of:

- Borrowing costs;
- Provision for losses from investment in other entities;
- Losses from sale of foreign currency, exchange loss, etc.

The above items are recorded by the total amount arising in the year without offsetting against financial income.

Corporate income tax

a) Current corporate income tax expense

Current corporate income tax expenses are determined based on taxable income during the period and current corporate income tax rate.

b) Current corporate income tax rate

The Corporation applies the corporate income tax rate of 20% for the operating activities which has taxable income
