## REVIEW REPORT ON INTERIM FINANCIAL INFORMATION

To: **Shareholders, The Board of Director and The Board of Management  
Song Da 2 Joint Stock Company**

We have reviewed the Interim Consolidated Financial Statements of Song Da 2 Joint Stock Company prepared on 28 August 2026, from page 06 to page 44 including: Interim Consolidated Statement of Financial position as at 30 June 2026, Interim Consolidated Statement of Income, Interim Consolidated Statement of Cash flows for the 6-month accounting period ending on the same date and Notes to the Interim Consolidated Financial Statements.

### The Board of Management' responsibility

The Board of Management of the Company is responsible for the preparation and presentation of Interim Consolidated Financial Statements that give a true and fair view in accordance with Vietnamese Accounting Standards, Vietnamese Enterprise Accounting System and the statutory requirements relevant to preparation and presentation of interim financial statements and for such internal control as The Board of Management determines necessary to enable the preparation and presentation of Interim Consolidated Financial Statements that are free from material misstatement, whether due to fraud or error.

### Auditor's responsibility

Our responsibility is to express a conclusion on these Interim Consolidated Financial Statements based on our review. We conducted our review in accordance with Vietnamese Standard on Review Engagements No. 2410 - Review of interim financial information performed by the independent auditor of the entity.

A review of interim consolidated financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Vietnamese Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

### Basis for Qualified Conclusion

1. As at 30 June 2026, the Company had receivables and payables with certain third parties amounting to 22.83 billion VND and 41.71 billion VND, respectively, as of the date of this report, we have not received confirmation letters for these balances. The alternative review procedures we performed did not provide sufficient appropriate evidence for us to assess the completeness and accuracy of these receivables and payables. Therefore, we are unable to determine whether any adjustments are required to these receivables, payables, and related items in the Company's interim consolidated financial statements for the six-month period ended 30 June 2026.

2. As disclosed in Note 7 to the interim consolidated financial statements, as at 30 June 2026 and 01 January 2026, the Company recorded receivables from construction teams relating to project cost overruns amounting to 14.65 billion VND and 19.51 billion VND, respectively. As of the date of issuance of this review report, the construction teams have not confirmed the balances and the Company has not provided sufficient supporting documents for us to verify the basis of these balances or to assess whether the classification and presentation of this item in the interim consolidated financial statements are appropriate. The alternative review procedures we performed did not provide sufficient appropriate evidence for us to assess the existence and accuracy of these receivables, their recoverability, and their impact on the line items "Other short-term receivables" and "Allowance for short-term doubtful debts" as at 30 June 2026, as well as other related items in the accompanying interim consolidated financial statements.

3. As disclosed in Note 10 to the interim consolidated financial statements, at 01 January 2026 and 30 June 2026, the Company was recording work-in-progress costs of the "Da Nang – Quang Ngai Expressway Project" amounting to 4.12 billion VND. We have performed the necessary review procedures but were unable to assess any potential impairment if any of these work-in-progress costs at the date of the interim consolidated financial statements. Therefore, we cannot determine whether adjustments are required to the line item "Inventories" and other related items in the accompanying interim consolidated financial statements.

### Qualified Conclusion

Based on our review, with the exception of the matters described in the "Basis for Qualified Conclusion" paragraph, nothing has come to our attention that causes us to believe that the accompanying Interim Consolidated Financial statements do not give a true and fair view, in all material respects, of the financial position of Song Da 2 Joint Stock Company as at 30 June 2026, and of the results of its operations and its cash flows for the six-month period then ended in accordance with the Vietnamese Accounting Standards, Vietnamese Enterprise Accounting System and the statutory requirements relevant to preparation and presentation of Interim Financial statements.

(1) The project has a total scale of 45.05 ha with the investment objective of constructing a complete and synchronous urban area in terms of technical infrastructure and landscape architecture, following a modern orientation and approved planning, located in Phan Dinh Phung Ward, Thai Nguyen City, Thai Nguyen Province (now Phan Dinh Phung ward, Thai Nguyen province).

Pursuant to Decision No. 1331/QĐ-UBND dated April 29, 2021, of the People's Committee of Thai Nguyen Province regarding the adjustment of the investment project for the construction of Ho Xuong Rong Urban Area, the People's Committee of Thai Nguyen Province approved the adjustment of the project implementation period, extending it until the end of the fourth quarter of 2022.

In 2026, the People's Committee of Thai Nguyen Province permitted the Company to continue receiving land allocation and land lease for the implementation of the Ho Xuong Rong Urban Area Investment and Construction Project. On 29 June 2026, the Company was granted the second amended Investment Registration Certificate, under which the project scope was adjusted to exclude the high-rise residential land plots CT01 and CT02, and the overall project completion deadline was extended until the end of the second quarter of 2029. The Company is responsible for completing the legal procedures, fulfilling all financial obligations, and allocating resources to implement the project in accordance with the approved schedule.

The work-in-progress balance of the project represents the accumulation of construction and completion costs, net of the cost of goods sold recognized corresponding to the sold project area. Currently, certain items of the project are still under construction due to incomplete site clearance, while real estate sales are being conducted for the completed items. (See Note 36 – Other Information).

As of the current date, the total estimated residential land area for sale of the project is 180,375.49 m<sup>2</sup>, of which the sold land area is 148,662.79 m<sup>2</sup> (comprising 127,173.21 m<sup>2</sup> of commercial trading land and 21,489.52 m<sup>2</sup> of resettlement land). The Company has executed contracts with customers of the Ho Xuong Rong Urban Area Project and received customer advances amounting to VND 13 billion (refer to Note No. 16). The Company has provisionally determined the VATable revenue and paid the corresponding tax for a total area of 1,902.84 m<sup>2</sup>; the total estimated value of unbilled contracts is VND 17.26 billion.
