The Board of Directors of the Company ("**BOD**") respectfully submits to the General Meeting of Shareholders ("**GMS**") for consideration and approval the Plan for the additional public offering of

shares to existing shareholders ("**Offering Plan**") and matters related to the Company's Offering Plan, as follows:

ITEM 1: PLAN FOR THE ADDITIONAL PUBLIC OFFERING OF SHARES TO EXISTING SHAREHOLDERS AND MATTERS RELATED TO THE OFFERING PLAN;

I. OFFERING PLAN

1.	Name of Issuer	:	Hoang Anh Gia Lai International Investment Joint Stock Company
2.	Name of offered shares	:	Shares of Hoang Anh Gia Lai International Investment Joint Stock Company
3.	Stock code	:	HGI
4.	Type of securities offered	:	Common shares.
5.	Par value per share	:	VND 10,000/share.
6.	Number of shares issued:		187,300,000 shares
	- Number of outstanding shares	:	187,300,000 shares
	- Number of treasury shares	:	0 *(zero)* shares.
7.	Number of shares expected to be offered	:	Up to 12,700,000 shares
8.	Total expected offering value at par	:	Up to VND 127,000,000,000
9.	Expected charter capital after the offering	:	VND 2,000,000,000,000
10.	Offering price	:	VND 10,000/share
11.	Basis for the proposed offering price to existing shareholders	:	The offering price is determined on the following basis: - HGI's book value as at September 30, 2026 (according to the Q3/2026 financial statements) is VND 10,928/share (separate) and VND 30,891/share (consolidated).

- HGI has just completed its public offering of shares to become a public company and wishes its existing shareholders to remain committed to and accompany the Company over the long term; therefore, the BOD proposes an offering price equal to the par value of VND 10,000/share.

12. Total expected proceeds from the offering : Up to VND 127,000,000,000

13. Method of offering : Additional public offering of shares to existing shareholders through the exercise of rights.

14. Offering subjects : Existing shareholders whose names are on the list as at the record date for exercising the right to purchase additional shares.

15. Expected offering ratio (number of shares offered/number of outstanding shares at the time of offering registration) : Up to 6.7805% of the total number of outstanding shares (equivalent to a ratio of 127:1,873)

16. Rights exercise ratio : 1,873:127 (As at the record date for exercising the rights, each shareholder holding 01 share will receive 01 purchase right, and a shareholder holding 1,873 purchase rights will be entitled to purchase 127 additional new shares)

17. Rounding principle : The number of additional shares offered to existing shareholders will be rounded down to the nearest whole number; fractional shares (if any) will be aggregated and handled under the plan for handling fractional shares and shares not fully distributed set out in **section 20 of this Offering Plan**.

Example: As at the record date for exercising the rights, Shareholder A holds 100 HGI shares. With a rights exercise ratio of 1,873:127, Shareholder A is entitled to purchase:

100 x 127/1,873 = 6.7805 new shares.

Under the principle of rounding down to the nearest whole number, Shareholder A is entitled to purchase 06 new shares. The resulting fractional 0.7805 share will not be

distributed and will be aggregated for handling under the plan for handling fractional shares and undistributed shares set out in section 20 of this Offering Plan.

18. Transfer of share purchase rights :
- Existing shareholders whose names are on the list as at the record date and who are allocated share purchase rights may transfer their purchase rights 01 (one) time only to other parties within the prescribed period.
- The transferee of the purchase rights may not transfer them to a third party.
- The transferor and the transferee shall agree on the transfer price and payment method between themselves and shall be responsible for fulfilling the obligations related to the transfer as prescribed.

19. Transfer restrictions : The shares offered to the public to existing shareholders are not subject to transfer restrictions, except as provided in section 20 of this Offering Plan. Shareholders holding shares subject to transfer restrictions will still receive purchase rights, and the additional shares issued upon exercise of such purchase rights will not be subject to transfer restrictions.

20. Plan for handling fractional shares (if any) and remaining undistributed shares :
- Fractional shares and undistributed shares include: (i) fractional shares arising from the rounding principle; (ii) shares that shareholders decline to purchase and/or do not fully register to purchase and/or do not pay for by the payment deadline ("Remaining Undistributed Shares").
- The GMS authorizes the BOD to decide on the further distribution of these Remaining Undistributed Shares; and to decide on the criteria, the list of investors and the number of shares distributed to each investor. The offering price to these investors shall not be lower than the offering price to existing shareholders, and the offering terms shall not be more favorable than those of the offering plan to existing shareholders approved by the GMS.
- The distribution of Remaining Undistributed Shares to investors shall comply with Article 42 of Decree No.

155, Clause 2, Article 195 of the Law on Enterprises and other relevant provisions of current law.

- Remaining Undistributed Shares offered to other investors under the BOD's decision will be subject to a transfer restriction of 01 (one) year from the end date of the offering (the date on which the collection of payments for the offered securities from investors is completed).
- If, upon expiry of the share distribution period prescribed by law, including any extension (if any), the shares still have not been fully distributed to other investors, the BOD will cancel these undistributed shares, reduce the total number of shares offered to the actual number of shares distributed in the offering, and close the offering.

21. Expected offering timeline : Expected in Q4/2026 and 2027, after the State Securities Commission ("SSC") grants the Certificate of registration for the additional public offering of shares. The specific offering time will be decided by the BOD in accordance with relevant laws.

22. Plan to ensure compliance with the foreign ownership limit : The GMS authorizes the BOD to approve the plan to ensure that the share offering complies with the regulations on the foreign ownership limit at the Company.

II. PLAN FOR USE OF PROCEEDS FROM THE OFFERING

The total proceeds the Issuer expects to raise from the offering are **VND 127,000,000,000,** which will be used for the following purpose:

No.	Item	Amount (VND)	Expected implementation time
1	**Repayment of the Company's loans (including but not limited to repayment of debts to credit institutions, bond debts, debts to related companies, etc.)**	127,000,000,000	In 2027
Total		**127,000,000,000**	

Depending on the actual proceeds the Issuer raises from the offering, the GMS authorizes and assigns the BOD, based on the Company's specific situation, to develop a detailed plan for use of proceeds, decide on the use of the offering proceeds and/or amend or adjust the plan for use of proceeds in line with the Company's business operations, ensuring maximum benefits for shareholders and compliance with the law and the Company's Charter. In the event of any adjustment or change to the plan for use of proceeds or the offering proceeds, the BOD shall ensure compliance with Clause 2, Article 9 of Decree No. 155 and report to the GMS at its nearest meeting.

Plan to cover any shortfall in the capital expected to be raised from the offering: If the offering does not raise the full amount of capital planned for the above purposes, the BOD may decide on measures including but not limited to: (i) using the Company's own funds; (ii) adjusting the implementation schedule of the intended uses of proceeds.

III. ADDITIONAL SECURITIES REGISTRATION AND ADDITIONAL TRADING REGISTRATION OF SHARES

The GMS approves that all shares successfully issued in the offering will be registered for additional securities registration and depository at the Vietnam Securities Depository and Clearing Corporation ("VSDC") and for additional trading registration on the Hanoi Stock Exchange ("HNX") after the offering is completed, in accordance with relevant laws.

9.	Expected charter capital after the offering	:	VND 2,000,000,000,000
10.	Offering price	:	VND 10,000/share
11.	Basis for the proposed offering price to existing shareholders	:	The offering price is determined on the following basis: - HGI's book value as at September 30, 2026 (according to the Q3/2026 financial statements) is VND 10,928/share (separate) and VND 30,891/share (consolidated). - HGI has just completed its public offering of shares to become a public company and wishes its existing shareholders to remain committed to and accompany the Company over the long term; therefore, the BOD proposes an offering price equal to the par value of VND 10,000/share.
12.	Total expected proceeds from the offering	:	Up to VND 127,000,000,000

13. Method of offering	:	Additional public offering of shares to existing shareholders through the exercise of rights.

17. Rounding principle	:	The number of additional shares offered to existing shareholders will be rounded down to the nearest whole number; fractional shares (if any) will be aggregated and handled under the plan for handling fractional shares and shares not fully distributed set out in **section 20 of this Offering Plan**. Example: As at the record date for exercising the rights, Shareholder A holds 100 HGI shares. With a rights exercise ratio of 1,873:127, Shareholder A is entitled to purchase: 100 x 127/1,873 = 6.7805 new shares. Under the principle of rounding down to the nearest whole number, Shareholder A is entitled to purchase 06 new shares. The resulting fractional 0.7805 share will not be distributed and will be aggregated for handling under the plan for handling fractional shares and undistributed shares set out in section 20 of this Offering Plan.
18. Transfer of share purchase rights	:	- Existing shareholders whose names are on the list as at the record date and who are allocated share purchase rights may transfer their purchase rights 01 (one) time only to other parties within the prescribed period.

Plan for handling fractional shares (if any) and remaining undistributed shares : - Fractional shares and undistributed shares include: (i) fractional shares arising from the rounding principle; (ii) shares that shareholders decline to purchase and/or do not fully register to purchase and/or do not pay for by the payment deadline ("Remaining Undistributed Shares").

- The GMS authorizes the BOD to decide on the further distribution of these Remaining Undistributed Shares; and to decide on the criteria, the list of investors and the number of shares distributed to each investor. The offering price to these investors shall not be lower than the offering price to existing shareholders, and the offering terms shall not be more favorable than those of the offering plan to existing shareholders approved by the GMS.

- The distribution of Remaining Undistributed Shares to investors shall comply with Article 42 of Decree No. 155, Clause 2, Article 195 of the Law on Enterprises and other relevant provisions of current law.

- Remaining Undistributed Shares offered to other investors under the BOD's decision will be subject to a transfer restriction of 01 (one) year from the end date of the offering (the date on which the collection of payments for the offered securities from investors is completed).

- If, upon expiry of the share distribution period prescribed by law, including any extension (if any), the shares still have not been fully distributed to other

			investors, the BOD will cancel these undistributed shares, reduce the total number of shares offered to the actual number of shares distributed in the offering, and close the offering.
21.	Expected offering timeline	:	Expected in Q4/2026 and 2027, after the State Securities Commission ("SSC") grants the Certificate of registration for the additional public offering of shares. The specific offering time will be decided by the BOD in accordance with relevant laws.
