Re : Explanation of profit difference in financial,
Statements for Quarter 3/2026 compared to Quarter 3/2025

TO: - STATE SECURITIES COMMISSION;
- HANOI STOCK EXCHANGE

Implementing the Circular No. 96/2020/TT-BTC date November 16, 2020 of the Ministry of Finance on guiding the disclosure of information on the stock market. Navetco national veterinary joint stock company explanation of profit difference in financial statements for Quarter 3/2026 compared to Quarter 3/2025:

STT	Items	Quarter III 2026	Quarter III 2025	Balance (2026-2025)
1	Net revenue	56.407.986.921	59.448.754.658	3.040.767.737
2	Accounting profit after tax	4.390.276.319	4.144.338.079	(245.938.240)

Reason:

- Net profit after tax in Q3/2026 decreased compared to the same period last year due to a decrease in other revenue and an increase in financial expenses compared to the same period last year.. Specifically:

+ Other revenue decreased because the company liquidated unused fixed assets during the same period.

+ Financial costs increased due to increased borrowing and higher bank interest rates. Payment discounts increased because the company expanded its flexible payment discount policy to encourage customers to pay early, generating operating cash flow for the company.

Navetco national veterinary joint stock company would like to explain to the State Securities Commission, Hanoi Stock Exchange and shareholders of the company.

Sincelery thanks ./.
