Re: Explanation of post-tax profit in
Q3/2026 exceeding 10% compared to
Q3 2025

To:

- The State Securities Commission of Vietnam;

Pursuant to the Law on Securities No. 54/2019/QH14 dated 26 November 2019, Circular No. 96/2020/TT-BTC dated 6 November 2020 of the Ministry of Finance on information disclosure in the securities market, and the Information Disclosure Regulations of the Hanoi Stock Exchange.

Based on the Company's Financial Statements for the second quarter of 2026, Chan May Port Joint Stock Company (Ticker ID: CMP) hereby provides the following explanation for the decrease of more than 10% in the Company's Profit after Corporate Income Tax for Q3/2026 compared with the corresponding period of 2025:

The Company's revenue for the third quarter of 2026 increased significantly compared to the same period in 2025, by more than VND 47 billion, representing growth of over 71%. This increase in revenue was the main reason contributing to the rise in the Company's profit after corporate income tax for the third quarter of 2026, which grew by more than 88% year-on-year, equivalent to an increase of nearly VND 3 billion.

The above matters are fully disclosed in the Notes to the Financial Statements for Q3/2026.

The above represents the principal reasons for the decrease of more than 10% in the Company's Profit after Tax for the current reporting period compared with the corresponding period of 2025.

We hereby certify that the information provided above is true and accurate and accept full legal responsibility for the contents of this disclosure.

Respectfully submitted./.
