PV GAS LPG would like to provide an explanation regarding the variance in profit after tax presented in the Statement of Income for the six-month period ended June 30, 2026 between the Reviewed Interim Financial Statements for the six-month period ended June 30, 2026 and the Interim Financial Statements for the six-month period ended June 30, 2026 originally prepared by the Company, as follows:

1. **Summarizing main indicators:**

No.	**Indicator**	**This year**	**Last year**	**%**

2. **Causes:**

The profit after tax for the six-month period ended June 30, 2026 presented in the Reviewed Interim Financial Statements differs from the amount reported in the financial statements originally prepared by PV GAS LPG, mainly due to adjustments made by the independent auditor during the review of the Interim Financial Statements for the six-month period ended June 30, 2026.

These adjustments resulted in a change in the profit after tax for the six-month period ended June 30, 2026 compared with the amount previously prepared and disclosed by PV GAS LPG.

PV GAS LPG has recorded the relevant adjustments in accordance with the auditor's recommendations and the results of the review process, ensuring that the Reviewed Interim Financial Statements for the six-month period ended June 30, 2026 appropriately reflect the Company's financial position and operating results.
