2. Disclosed Information:

Publish information as required by Circular 96/2020/TT-BTC related to financial statements, specifically as follows:

A. Disclosure of the Consolidated Financial Statements of VKC Holdings Joint Stock Company for the second quarter of 2026, prepared on October 28, 2026, comprising: the Balance Sheet, Income Statement, Cash Flow Statement, and Notes to the Financial Statements

B. Announcing the explanation of the reasons for the business performance discrepancies in the consolidated financial statements for the third quarter of 2026 compared to the financial statements for the same third quarter of 2025, resulting in a difference of 10% or more, and the losses in the third quarter of 2026

Explain the main reasons why the consolidated financial results for the third quarter of 2026 differ by 10% or more from the third quarter of 2025, and the losses in the third quarter of 2026
(Unit: billion VND)

Indicator	QIII/2026	QIII/2025	Difference Increase/(Decrease)	% Increase/(Decrease)
Profit/(Loss) after tax (TNDN)	(12,067) billion	(13,561) billion	1,493 billion	11.01%

- The reason for the 10% difference (Reduced Loss) is:

In Q3 2026, revenue decreased slightly compared to Q3 2025 because the parent company no longer had sales revenue in Q3 2026, resulting in a 60.07% decrease in sales revenue compared to the same period in 2025. Consequently, the cost of goods sold in Q3 2026 also decreased by a corresponding 71.41% compared to Q3 2025

Business Management Costs in Q3-2026 decreased by 31.08% compared to Q3-2025 due to cost reductions for the parent company in Q3-2026. This resulted in an 11.01% reduction in losses in Q3/2026 compared to Q3/2025

- The reason for the loss in the third quarter is:

In Q3/2026, the parent company did not engage in any sales activities, but due to the impact of interest accrued on overdue bank loans, the overdue interest payable on the bond issue resulted in a total deductible cost of 10.5 billion VND, resulting in a loss for the quarter.
